# docmanhub

Send and receive clinical correspondence electronically.

Send and receive letters electronically with Docman Hub.

Timely delivery of information with **Two-way Document Transfer**.

Docman Hub enables organisations to send and receive any document type such as referral letters electronically.

The process of sending and receiving paper letters is time consuming and costly. Organisations utilising Docman Hub to send and receive letters benefit from a full circle approach to sharing information and documents in near real time.

No printing, postage and paper

Information sent and received in near real-time

Significant time savings

Electronic document transfer to send and receive clinical and non-clinical correspondence between healthcare organisations.

Secure delivery of information which can be received by Clinicians in near real-time.

Interoperability between care providers ensuring quick, seamless and cost effective delivery of information.

Audit Trail

A comprehensive audit trail to report, track and have visibility on every document.

Efficient delivery of documents
Receive letters much quicker than in the post.

Visibility and auditability of information
Keep on track of all documents with a full audit trail to know exactly where patient letters have been from start to finish.

Saves on resources
Staff spend less time on administration tasks and dealing with paperwork, allowing more resources to be focused on patient care.

Improve patient experience
Keep patients informed on their progress and where their letters are in the system for a better patient experience.

Save **50p** for every letter you send

You take care of the patients.
We'll take care of the documents.

> **"** Docman is an outstanding piece of software as it makes clinical staffs jobs so much easier, this means better care for our patients. Well done to Docman. **"**
>
> Paul Jones IT Developments Assistant Blackpool Victoria Hospital

> **"** The Trust utilised Docman very effectively and send out over 60,000 electronic letters in the past 12 months which has helped deliver improved patient care and given efficiency savings to both the Trust and local GP's. **"**
>
> Robert Clacher, Western Sussex Hospitals NHS Foundation Trust

> **"** I love Docman because it get clinical documents to the GPs quickly and securely. **"**
>
> Stephen De Gabrielle System Manager London North West Healthcare NHS Trust, Northwick Park Hospital
